

WOMEN in Philanthropy

*Engage * Empower * Transform*

For 35 years, St. Patrick Center has quietly operated a program for a group of clients needing the most care: women struggling with homelessness, mental illness, and substance abuse.

The Women's Night Program, consisting of a day treatment program and overnight care, has guided hundreds of women through their fears, on to their goals, and in to permanent, supportive housing.

Women in Philanthropy is a giving opportunity for women in the community to transform and empower the lives of women in St. Patrick Center programs. Members make a meaningful contribution to the future of the Women's Night Program through monthly and annual gifts.

"There are just so many ways to get involved and no gift is too small in terms of time or treasure. You will meet the most amazing people that include clients, staff and other volunteers, but more important, you will know that what you do really does change lives for those at-risk in our community. Your heart will truly know no better joy than that!"

-Sylvia Scheuler, Women in Philanthropy member
